Security Council
Sixty-ninth year

Protracted conflicts in the GUAM area and their implications for international peace, security and development

The situation in the occupied territories of Azerbaijan

Letter dated 6 August 2014 from the Permanent Representative of Azerbaijan to the United Nations addressed to the Secretary-General

In accordance with instructions received from the Government of the Republic of Azerbaijan, I have the honour to draw your attention to ongoing violations of the ceasefire by the Republic of Armenia recorded for July 2014 (see annex). During this period, the armed forces of the Republic of Armenia continued to intensively fire from their positions in the occupied territories of Azerbaijan and from the territory of Armenia at the positions of the armed forces of Azerbaijan, as well as at populated areas and civilian objects situated in the vicinity of the front line. As a result, two Azerbaijani servicemen and one civilian were killed, and four servicemen and three civilians were wounded.

Azerbaijan strongly condemns the incessant attempts by Armenia to escalate the situation along the front line and its cowardly attacks on populated areas and civilian targets. Azerbaijan will continue to take resolute measures against and respond adequately to Armenia's ongoing aggression, violations of the ceasefire and other provocative acts.

I should be grateful if you would have the present letter and its annex circulated as a document of the General Assembly, under agenda items 34 and 38, and of the Security Council.

Agenda item 33
Prevention of armed conflict

Security Council
Sixty-ninth year

Letter dated 7 August 2014 from the Permanent Representative of Armenia to the United Nations addressed to the Secretary-General

Upon the instructions of my Government, I am writing to draw your attention to the ongoing violations of the ceasefire by the armed forces of the Republic of Azerbaijan recorded for the month of July 2014 (see annex).

Armenia is gravely alarmed at the present escalation of tensions and the significant increase in the instances of ceasefire violations across the Armenia-Azerbaijan border and the attempted incursions and subversive operations of the army units of Azerbaijan along the line of contact between Nagorno Karabakh and Azerbaijan. The policies and actions of Azerbaijan seriously undermine the negotiating process for the peaceful settlement of the Nagorno Karabakh conflict within the agreed format of the Organization for Security and Cooperation in Europe (OSCE) Minsk Group co-chairs. It strongly deplores the continued actions of Azerbaijan to destabilize the situation across the line of contact and the borders, as a result of which numerous lives have been claimed, including those of civilians. Azerbaijan bears full responsibility for the present situation.

Armenia reiterates its full commitment to strictly adhering to the terms of the 1994 ceasefire agreement and to establishing security confidence-building measures, including the withdrawal of snipers and the implementation of a proposed mechanism for the investigation of incidents of ceasefire violations along the front lines. These measures must be implemented without further delay.

There is no alternative to the peaceful settlement of the Nagorno Karabakh conflict. Armenia reiterates its full support for the proposals of the OSCE Minsk Group co-chairs to seek settlement on the basis of the core principles of the Charter of the United Nations and the Helsinki Final Act, particularly those pertaining to the non-use of force or threat of force, territorial integrity and equal rights and self-determination of peoples, and of the elements as outlined in the statements of the presidents of the co-chair countries between 2009 and 2013. Armenia has repeatedly stated that those principles and elements in their entirety represent a reasonable compromise for the peaceful settlement of the conflict.

Please recycle

In the light of the present situation of rising tensions, Armenia underlines the urge to demonstrate the necessary political will to accelerate the peace process. Together with the absence of such will, the continued policies and actions of the leadership of Azerbaijan to rely on force and provocations, to disseminate hatred towards Armenia and the Armenian people, and to deny opportunities for its citizens to engage in trust and confidence-building measures with their Armenian counterparts, are the underlying reasons behind the present escalation and the delay of a lasting peace. Armenia acknowledges and appreciates the support of the international community towards the efforts of the OSCE Minsk Group co-chairs and calls on their further action to discourage the destructive policies of Azerbaijan that are undermining peace in the region.

Armenia's commitment to an early and lasting settlement of the Nagorno Karabakh conflict, and to peace, security and stability for the people of the region, remains unwavering. Armenia has no interest in war, but is determined to defend peace. Armenia is ready and willing to engage without delay in efforts to avert further deterioration of the situation and to seek a negotiated solution to the conflict.

I kindly request that the present letter and its annex be circulated as a document of the General Assembly, under agenda item 33, and of the Security Council.
